

## FELIX RUBBERS INTERNATIONAL

## LITHIUM AP-LL 30000 GREASE

AP-LL 30000 GREASE is lithium soap grease which provides high performance and superior shear resistance, hence has better structural & mechanical stability. This grease has service life up to 30,000 kilometers in automotive bearing application under ideal road condition. It provides excellent lubrication and protection to the bearing parts over a wide temperature & pressure range, under normal as well as adverse mechanical conditions.

### Benefits

- ◆ High drop point.
- ◆ Great lubrication capability.
- ◆ High service life.
- ◆ Excellent water resistance capabilities.
- ◆ Higher corrosion protective capabilities.

### Performance Level

As per IS 7623-1993, NLGI-3 specifications.

### Packing Available

500gm | 1 kg | 2 kg | 3kg  
5 kg | 7 kg | 10 kg | 18 kg  
50 kg | 180 kg M.S. Barrel

## 15w40 API CF4 MULTI GRADE ENGINE OIL

15w40 ENGINE OIL is high quality multigrade engine oil, meeting API-CF4 performance requirements, formulated from selected high quality base oils and additives, to suit petrol & diesel engines, operating under severe duty conditions. Recommended for commercial road transport & off highway vehicles applications, power shift transmissions and mobile hydraulic systems.

### Benefits

- ◆ Provides excellent protection against high temperature, engine deposits & ring groove carbon.
- ◆ Provides optimum film thickness & strength under severe operating conditions.
- ◆ Protects against formation of gums, varnish & resists oil thickening & filter plugging for long drain period.
- ◆ Provides fuel savings and prolonged engine life.

### Performance Level

As per API Cf4, IS 13656-2002 &  
US Military MIL-L-2104 E Specifications.

### Packing Available

1 Ltr | 3 Ltr | 3.5 Ltr 5 Ltr  
7.5 Ltr | 10 Ltr 15 Ltr | 20 Ltr  
50 Ltr | 210 Ltr M.S. Barrel

## CALCIUM MP-3/ GCB GREASE

MP-3/ GCB GREASE is Calcium soap base water resistant grease of medium consistency, recommended for use in majority of wheel bearings, water pumps, earth moving & industrial equipments operating at moderate temperature.

### Benefits

- ◆ Excellent water resistant.
- ◆ Lasting qualities in spring shackles and steering connections.
- ◆ Acts as protective layer on exposed parts.
- ◆ Clings to bearing surfaces.

### Performance Level

As per IS 507-1993, NLGI-3 specifications.

### MP-3 Packing Available

500gm | 1 kg | 2 kg | 3kg  
5 kg | 7 kg | 10 kg | 18 kg  
50 kg | 180 kg M.S. Barrel

### GCB Packing Available

10 kg | 18 kg | 50 kg  
180 kg M.S. Barrel

## HYDRAULIC OIL

Available in 32, 46, 68, 100, 150, Viscosity Grades.

HYDRAULIC OIL are premium quality oils recommended for hydraulic systems using gear, bearings, vane, radial & axial piston, pumps, chain drivers, compressors, vacuum pumps, mining machinery tools, circulation oil system etc. where anti-wear type hydraulic oils are recommended.

### Benefits

- ◆ Right viscosity to satisfy the demands of different types of hydraulic pumps.
- ◆ High viscosity index to restrict viscosity changes under operating conditions.
- ◆ Good film strength and antiwear properties to minimise wear of pump
- ◆ Excellent corrosion resistance to prevent rusting and corrosion of metal parts.
- ◆ High chemical stability to ensure long and trouble free service life.

### Performance Level

As per IS -10522-1983 (Reaffirmed 1993), US Steel No. 127 specifications.

**Packing Available :** 5 Ltr | 20 Ltr | 50 Ltr | 210 Ltr M.S. Barrel

## **GREASES**

Lithium Grease  
Calcium Grease  
Sodium Grease  
Lithium EP Grease  
Lithium Poly Plus Grease  
C.V. Joint Grease  
Bentonite Moly Grease  
Bentonite Grease  
Chassis Grease

## **LUBRICANTS**

Engine Oils  
Gear Oils  
Hydraulic Oils  
Transmission Fluids  
Break Fluids
